A MESSAGE FROM MANAGEMENT

The last three decades have seen many changes take place in the gulf. One of the most important of these has been the transformation of the State of Qatar from an oil dependent entity to business development. Along with this great prosperity has emerged a greater need for products & services that enhance the standard of living. Answering this need is, and always has been our primary objective at HCC.

We are a contracting and trading company established in 1979 based in Doha-Qatar. Since our capabilities have greatly expanded and we are now able to offer complete solutions to gulf situations.

After nearly Thirty years of service, we look forward to continuing to meet and exceed your expectations in many more projects to come.

Hussain H. Dalir
Chairman

The page features a dark grey background with two parallel orange lines that run diagonally from the top right towards the bottom left. The text 'Our Mission' is positioned in the center-left area, with 'Our' in a larger font size than 'Mission'.

Our Mission

"To deliver high-quality, cost-effective projects on schedule by employing and supporting motivated, flexible, and focused teams. We value the importance of our relationships and will continue to remain fair and true in our dealings with all employees, clients, vendors, and partners. Our clients count on our dependability, our drive, and our integrity. We take great pride in our accomplishments and build on them every day."

Quality Statement

HCC Co. W.L.L. has continually laid emphasis on perfection and quality as tools to enhancement and Improvement, with the very highest quality standards HCC Co. W.L.L commitment was confirmed by the central tenders committee certification as a company

With a grade (A).

As defined by the central tenders committee Quality management is coordinated activities to direct and control an organization with regards to quality HCC have established , implemented, and maintained an effective quality management system, in which activities of the organization are controlled and documented to achieve good quality products and services and hence customer satisfaction; throughout fully meeting the customers requirements .

This Quality management system qualified HCC to receive **ISO 9001 certificate.**

Measurable quality objectives are established in core processes, that is quality management, engineering, estimation, production quality performance, purchasing, and human resources.

Health & Safety Policy

The Primary objective is to ensure Effective Risk Control of this project activity. It outlines the safety procedures to be followed for various operations .

All aware of the direct cost of accidents, but the indirect or hidden cost of accidents can have adverse effect on the productivity. More that the cost, the human life Involved Is of Paramount concern to us. An awareness of this basic fact is essential for developing and Maintaining an effective accident prevention program.

HCC is committed to :

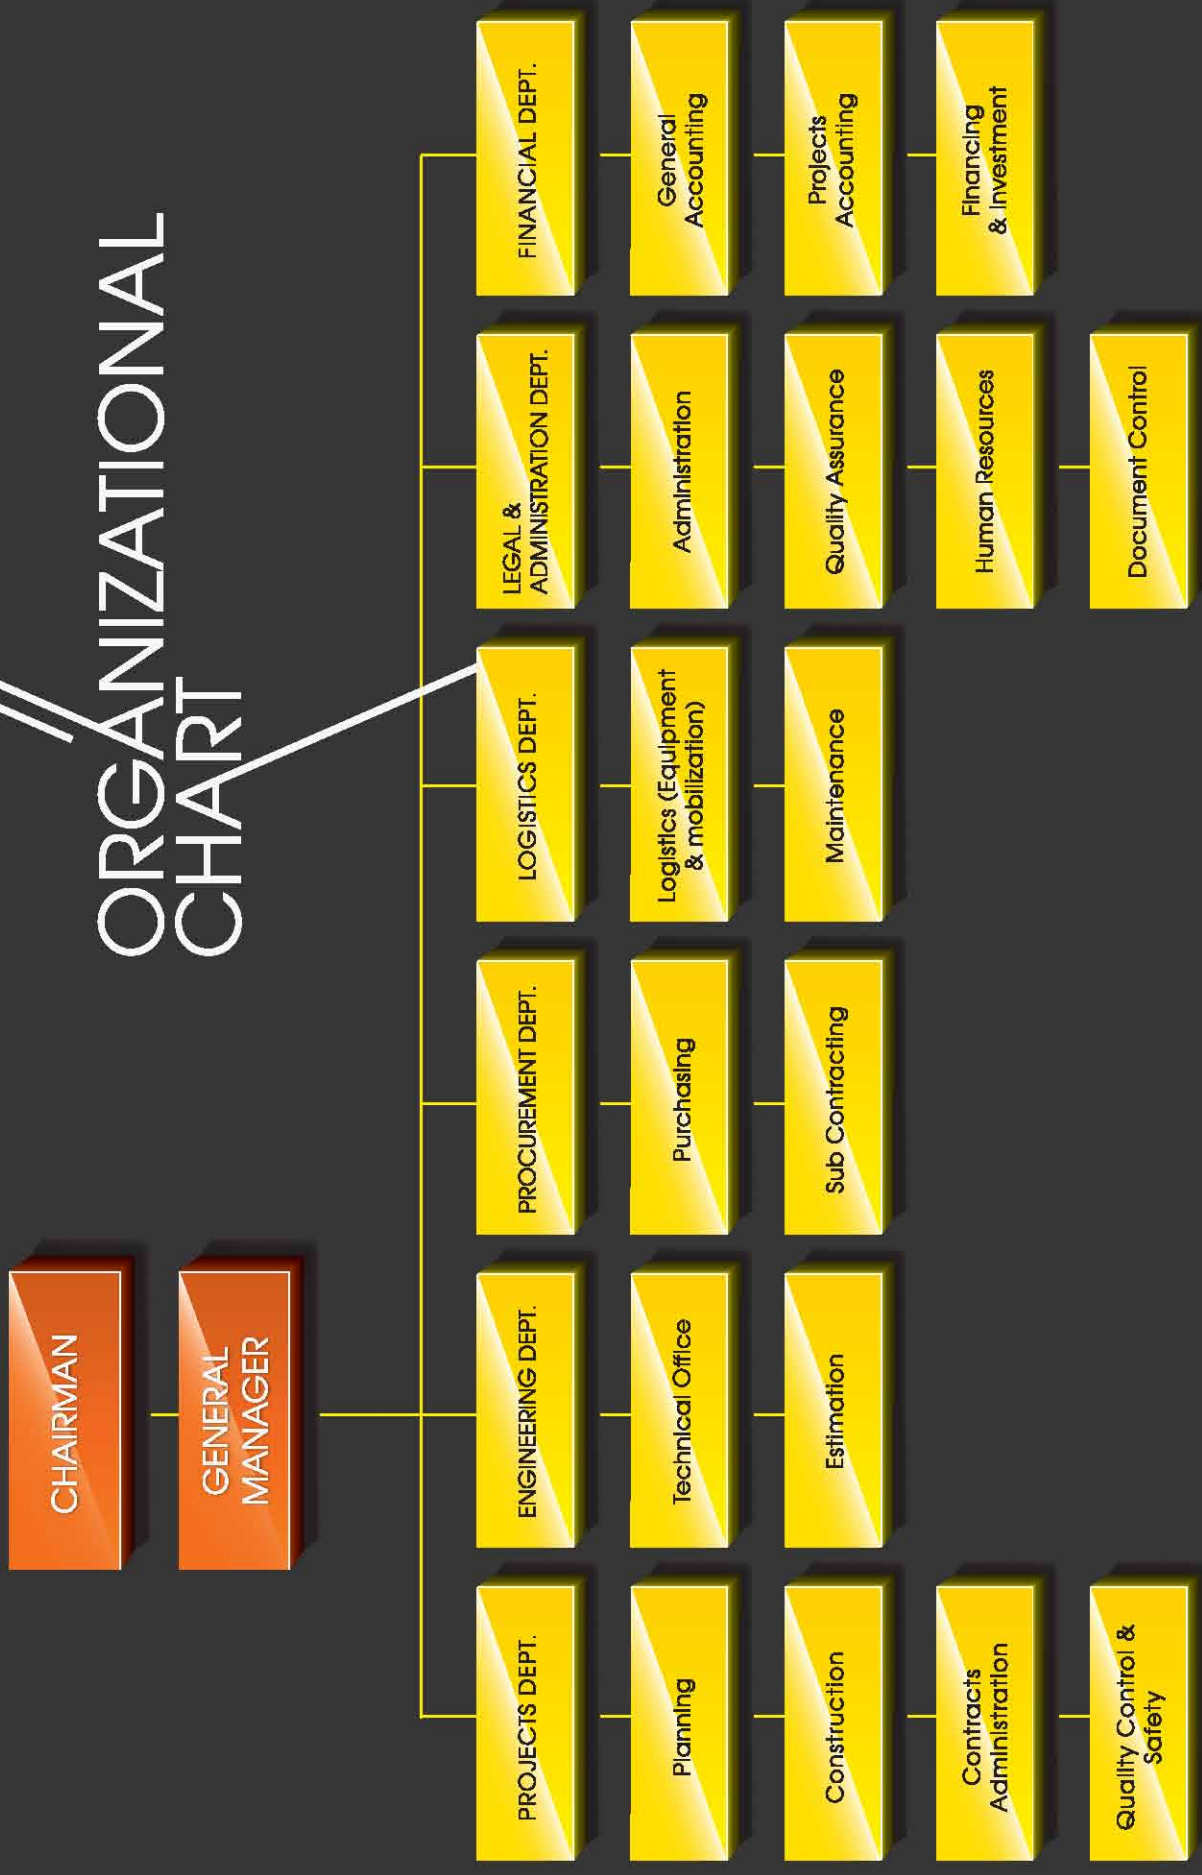

1- Compliance with all applicable statutory regulations, national and international environmental laws and other requirements to which HCC standards subscribe.

2- Provide Framework for continual development on environmental protection by setting targets. Objectives and Programs on relevant levels and function in the organization

3- Provide the necessary resources, education/training skills and motivation to all employees so that this policy Is consistently Implemented throughout the company

4-Ensuring that contractors and suppliers working for HCC commit to environmental requirements of principals and demonstrate such commitment in their activities.

Our Motto is : SAFETY FIRST!
